REPORT OF SCHOOL BOARD

In considering the results of the past year, we are glad to believe that we can claim for our schools at least an average measure of success, one great factor of which has been our ability to retain the services of nearly all those teachers who have so faithfully served us in the past, and who, under the guidance of our able superintendent, have kept up the good work whose foundations were firmly established. In the few cases where changes were absolutely necessary, our success in filling the vacancies has been gratifying. We have been able to satisfy the demands of the state board by such repairs on school buildings as were deemed imperative, and a similar small sum, expended each year, will soon put us on a satisfactory basis in this matter. The Quincy schoolhouse has been modernized by the addition of two more windows,

the result of which is very pleasing, and the outside has been painted at a reasonable expense. Similar treatment should be given the Montview school, where the conditions are identical. The building at Stinson Lake has been completed by the outside painting and is in very satisfactory condition. The school at Bethesda Home has been resumed, with Miss Selma Kohlsmith as teacher, and has been visited and approved. We are unable to give the number of badges issued, as schools are still in session at this writing, but the attendance has been very fair. Enumeration of children, taken in September, 1921, showed: Boys 75; girls 83. Once more the retiring member would express his appreciation of the kindness and courtesy shown him, through so many years service in this capacity.

REPORT OF THE SUPERINTENDENT

To the School Board of Rumney:

The schools opened on Tuesday, September 6, with the following staff of teachers:

	Number of pupils
Montview, Helen C. Draper,	22
Depot Primary, Mary R. Russell,	21
Depot Grammar, Emily E. Cook,	17
Village, Ruth E. Russell,	27
Quincy, Lena M. French,	13
Stinson Lake, Ethel S. Hall	23

On account of increased enrollment and the many grades, the Village school, about November 1st, was again placed on a two-room basis. Mr. William A. Seward was secured as teacher of the upper grades after the Christmas vacation.

During the summer, the Quincy schoolhouse was painted on the outside and new windows were placed in the wall on the pupils' left. The additional light provided is a source of satisfaction to pupils and teacher. The schoolhouse at Stinson Lake was also painted both inside and outside.

In the medical inspection of the school children, the following cases were found: Malnutrition 8, defective vision 7, anaemia 8, defective teeth 56, hypertrophied tonsils 22, adenoids 4, unvaccinated 12.

All but two of the defective vision cases have been attended to and glasses provided. The most noticeable defect is found in the children's teeth. Parents should consider well the value of good teeth to the growing child and have their children's teeth cared for if possible.

About half the children carry their dinners to school. Something hot should be provided for these children at noon. To do this would require considerable equipment such as oil stoves, kettles, and pans. I would respectfully ask that you place an article in the warrant to see if the district would be willing to raise the amount necessary for providing such equipment.

Graduates, 1921

Depot School. Joel Elbridge Hanks.

Village School. Doris Ella Avery, Richard Albert Hall, Roland Albert Jaquith, Rose Anne Lavelle, Thelma Mabel Moses.

Number of pupils attending high school this year: Plymouth 23; Woodsville 2; Haverhill 1.

Since my last report all pupils above the second grade have been given two intelligence tests. The scores were as follows:

Age	Average scores	
	of pupils	Standard scores
8	66	38
9	69	58
10	82	75
11	88	90
12	111	101
13	117	112
14	124	123

The score for the eight year old pupils is high as pupils of eight years in grade two not being able to read the tests were not included. The other figures are reliable and indicate that the pupils of Rumney average well in comparison with pupils throughout the country.

With your continued cooperation the teachers and superintendent have confidence that the present school year will be a most successful one.

Respectfully submitted,

CLARENCE M. HARRIS,

Superintendent.
